

Scotland Office and Office of the Advocate General 2018-19 Main Estimates Memorandum

Introduction

The Scotland Office Main Estimate for 2018-19 seeks the necessary resources and cash to support the functions of the Scotland Office and Office of the Advocate General. These are continuing functions from previous years and no new functions have been added since the 2017-18 Supplementary Estimate.

The main purpose of this Memorandum is to provide the Scottish Affairs Committee with an overview of the Scotland Office 2018-19 Main Estimate, which starts the supply procedure. This memorandum has been agreed with HM Treasury.

The Estimate seeks approval to a net resource requirement of £28,334,162,000 and a net cash requirement of £29,448,827,000 and for 2018-19 the Scotland Office Departmental Expenditure (DEL) limit, net of depreciation and impairments, will be £9,500,000.

The Memorandum is split into sections covering:

- (1) Summary of the Scotland Office plans for 2018-19;
- (2) An overview of the Office's Administration Costs;
- (3) An Overview of DEL and AME totals;
- (4) Details of the grant paid to the Scottish Consolidated Fund;
- (5) Details of Barnett consequentials for 2018-19;
- (6) Control Totals for the Scottish Government including breakdown by main programme of AME spending
- (7) Reconciliation of the 2015 Spending round settlement for Scottish Government and current Control Totals
- (8) Details of the Scottish Block 2015-16 to 2019-20

Section 1: Summary of Scotland Office Plans for 2017-18

Provision for 2018-19 was determined in the 2015 spending round (SR2015). This SR2015 settlement maintains the Scotland Office allocation from 2016-17 to 2019-20 at the same level as the 2015-16 budget in real terms (the budget will rise each year for inflation). This is in line with the targets set for the other Territorial Offices (Wales Office and Northern Ireland Office).

To help make efficiencies the Scotland Office, together with Wales Office and Northern Ireland Office, are assessing where services can be shared across the three territorial offices and with other government bodies. The three offices have a single parliamentary clerk. Other services are provided by the Ministry of Justice under Service Level Agreements. In order to make best use of public assets the Scotland Office and Office of the Advocate General let space in their Edinburgh building to other government bodies and Dover House in London is part of the Whitehall campus.

Section 2: Overview of the Office's Administration Costs

The key purpose of the Scotland Office remains to support the Secretary of State for Scotland in promoting the best interests of Scotland within the United Kingdom. We act as custodians of constitution arrangements and in particular the devolution settlement. Moreover, we represent distinct Scottish interests within Government and support the rest of the Government on Scottish matters as well as representing the UK Government's policies and achievements in Scotland.

The Scotland Office will play an important role in the Government's 12 negotiating objectives for EU exit, with an overriding goal of making the UK outside the EU work best. This involves working closely with departments across the UK Government, the Scottish Government and organisations and individuals across Scotland to ensure Scotland's interests are effectively represented and taken account of in the UK's preparations for exiting the EU.

This Estimate provides for the administration costs of the Scotland Office, including the salaries of the Secretary of State and his Minister(s) and payments to the Scottish Consolidated Fund.

^{*} This is part of the RDEL control total and not an addition to it.

There have been no subsequent changes to Control Totals for Scotland Office since the 2015 Spending Round settlement.

Section 4: Cash grant payable to the Scottish Consolidated Fund

The Estimate also allows for the payment of a cash grant to the Scottish Consolidated Fund. All expenditure by the Scottish Government is charged to the Scottish Consolidated Fund. This expenditure is shown in Section D and E of the of Scotland Office Estimate. The table below reconciles the spending aggregates of the Scottish Government with the cash grant payable to the Scottish Consolidated Fund.

Note

All items forming this calculation refer to expenditure incurred by/income received by the Scottish Government

In addition, HMRC collects Scottish Income Tax (12,115 million in 2018-19) and this is paid over to the Scottish Consolidated Fund via the Scotland Office Supply Estimate.

Section 5: Barnett Consequentials

From time to time, the Treasury will adjust the budgets of UK departments with the devolved administrations receiving Barnett consequentials of these adjustments. The majority of these budgetary adjustments take place at major fiscal events such as at Budget (and previously at Spring Budget and Autumn Statement).

At the end of 2017, the Treasury published its Block Grant Transparency document.

https://www.gov.uk/government/publications/block-grant-transparency-december-2017-publication

This shows that since the 2015 Spending Review, the Scottish Government have received £1,065.4m in Barnett Consequentials for 2018-19 (£499.9m RDEL, £292.2m CDEL, £273.4m CDEL) (Financial Transactions). There have been no further Barnett Consequentials added to the Scottish Government budget since that publication.

In order to assist the Committee's understanding of how 'Barnett Consequentials' have impacted upon the Scottish Government's budget for 2018-19, the table below details all Consequentials made available to the Scottish Government.

Notes

- (1) Totals may not sum due to rounding.
- (2) Includes Budgetary Changes as a result of Clear Line of Sight.
- (3) Including depreciation & impairments.
- (4) Resource + capital depreciation & impairments.
- (5) By convention Departmental Expenditure Limit budgets are expressed as resource and capital less depreciation & impairments. Therefore the resource and capital numbers in this table will not sum to the Departmental Expenditure Limit: the difference being depreciation & impairments.
- (6) Includes Block Grant Adjustments to reflect the devolution of SDLT, Landfill Tax, Income Tax and Air Passenger Duty under the Scottish Fiscal Framework.
