INTRODUCTION

This is the third session for which a *Sessional Information Digest* has been prepared. It was always intended that it should be priced and published by Her Majesty's Stationery Office, following two experimental issues which were made available free of charge to *Weekly Information Bulletin* subscribers and other enquirers on demand.

The *Digest* does not replace editions of the *Weekly Information Bulletin*, and it is recommended that users retain their files. Although the *Digest* is in some ways a cumulation of information from the *Weekly Information Bulletin*, full bibliographical details are not given here, in order to save space. In this respect the *Digest* forms an index and companion to the *Bulletin*.

This *Digest* has been written and compiled by Pam Bozdan, and typeset by Kay Lawrie and Greta Alexander. The Public Information Office is grateful to the Journal Office of the House of Commons for providing certain unpublished data for Section A, and to Committee Clerks for checking entries relating to their Committees.

SECTION A2

PARLIAMENTARY QUESTIONS

Statistics of Parliamentary Questions are available in two forms. The figures for each, which for various reasons (mainly owing to methods of counting and recording) are not exactly comparable, are as follows:

Questions appearing on the Order Paper calculated by the Journal Office

Put down for Oral Answer	18139
Put down for priority Written Answer	19260
Put down for non-priority Written Answer	12548
	<hr/>
Total	49947

(Not more than about a quarter of all questions put down for Oral Answer will receive such an answer - the rest are answered in writing).

Questions appearing in Hansard, and indexed in the Parliamentary On-line Information System (POLIS).

Oral replies (including supplementaries)*	8039
Written replies	38911
	<hr/>
Total	46950

*Calculating on the basis of the average number of supplementaries from members other than the original questioner, the figure for Questions actually answered orally works out at just under 2,500. With POLIS, a very few Questions may be counted twice.

The total number of private notice questions (excluding Business Questions) was 42.

STANDING ORDER No. 10

Standing Order No. 10 (renumbered Standing Order No. 20 from the beginning of the 1986-87 session) allows Members to suggest that a specific and important matter should have urgent consideration and that an emergency debate be held upon it. It is for the Speaker to decide whether the matter is sufficiently specific, important and urgent to warrant giving it precedence, and among other things to have regard to the probability of the matter being brought before the House by other means; the Chair in general gives leave very seldom. During the 1985-86 Session, there were 89 unsuccessful applications, and one successful (details below):

<u>Date of debate</u>	<u>Member applying</u>	<u>Topic given precedence</u>
27.1.86	Mr. N Kinnock	Circumstances surrounding the publication of classified information relating to the future of Westland plc.

- PROPOSED BILL* Indicates that a motion for leave to bring in a Bill under the Ten Minute Rule (SO No.15) was negated.
- (not Printed) No copy of the Bill has been delivered for printing (see note 2)

Note: 1) Where no committee is named after Comm consideration was by a committee of the whole House. In practice, certain stages, especially in the Lords, are omitted if a Bill is non-controversial.

2) Where the list records 'not printed', no copy of the Bill had been received by the Public Information Office up to Prorogation (7 November 1986). It should be understood that copies may be printed subsequently.

In order to save space, the list is in an abbreviated form. The title of the Bill is followed by the name of the Member and/or Peer sponsoring it and then in parentheses by a letter denoting the type of Bill (see opposite). Under this are shown the Bill number; or if it has been reprinted as amended, the Bill numbers, the original first, and the latest printing last. The Bill number is followed by the dates of the various stages (e.g. 5.11 - 5 November).

An asterisk (*) means that proceedings were formal, with no debate.

SUBJECT INDEX TO WHITE PAPERS AND POLICY DOCUMENTS

The following is a basic subject listing of White Papers which reached the Public Information Office during the session. All were printed as Command Papers. The subject is shown (the exact title of the paper is not always quoted in full) followed by the Command Paper number, and the date received by the Public Information Office.

White Papers, for the purposes of this section, are documents issued by the Government as policy statements. They often set out proposals for legislative changes, which may be debated before a Bill is introduced. On occasions, they invite comments. Government replies to select committee reports are sometimes called White Papers: these are not included here. (See Section B1).
