Government of the United Kingdom
Department of the Clerk, House of Commons

INTRODUCTION

The **Sessional Information Digest** has been published for each parliamentary session since 1983-84. Copies of the **Digest** for 1983-84 and 1984-85 are available free of charge from the Public Information Office, House of Commons, London, SW1A 0AA. From 1985-86 onwards the **Digest** has been published by Her Majesty's Stationery Office. Subscribers to the **Weekly Information Bulletin** automatically receive copies, the price being covered by the annual subscription.

Although the **Sessional Information Digest** is in some ways a cumulation of material from the **Weekly Information Bulletin**, it is recommended that users retain their **Bulletin** files, as full bibliographical details are not given here, in order to save space. In this respect the **Digest** forms an index and companion to the **Bulletin**, as well as providing information unavailable elsewhere.

I am grateful to Kay Lawrie and Lisa Jeffery for typesetting this **Digest**, and to the Journal Office for providing certain unpublished data for Section A.

PARLIAMENTARY QUESTIONS

Statistics of Parliamentary Questions are available in two forms. The figures for each, which for various reasons (mainly owing to methods of counting and recording) are not exactly comparable, are as follows:

Questions appearing on the Order Paper calculated by the Journal Office

Put down for Oral Answer	23,932
Put down for priority Written Answer	23,501
Put down for non-priority Written Answer	16,039
	<hr/>
Total	63,472

(Not more than about a quarter of all questions put down for Oral Answer will receive such an answer - the rest are answered in writing).

Questions appearing in Hansard, and indexed in the Parliamentary On-line Information System (POLIS).

Oral replies (including supplementaries)*	6,710
Written replies	46,404
	<hr/>
Total	53,114

*Calculating on the basis of the average number of supplementaries from members other than the original questioner, the figure for Questions actually answered orally works out at roughly 2,400. With POLIS, a very few Questions may be counted twice.

The total number of private notice questions (excluding Business Questions) was 35.

STANDING ORDER NO 20

Standing Order No 20 allows Members to suggest that a specific and important matter should have urgent consideration and that an emergency debate be held upon it. It is for the Speaker to decide whether the matter is sufficiently specific, important and urgent to warrant giving it precedence, and among other things to have regard to the probability of the matter being brought before the House by other means; the Chair in general gives leave very seldom. During the 1988-89 Session, there were 42 unsuccessful applications, and 1 successful (details below):

In order to save space, the list is in an abbreviated form. The title of the Bill is followed by the name of the Member and/or Peer sponsoring it. Under this, at the left hand margin, the letter denotes the type of Bill (see General Notes). This is followed by the Bill number (or Bill numbers if it has been reprinted as amended, with the original first and the latest reprinting last). Then follow the dates of the various stages (eg 7.11 - 7 November).

An asterisk (*) means that proceedings were formal, with no debate.
