INTRODUCTION

The **Sessional Information Digest** has been published for each parliamentary session since 1983-84. Copies of the **Digest** for 1983-84 and 1984-85 are available free of charge from the Public Information Office, House of Commons, London, SW1A 0AA. From 1985-86 onwards the **Digest** has been published by Her Majesty's Stationery Office. Subscribers to the **Weekly Information Bulletin** automatically receive copies, the price being covered by the annual subscription.

Although the **Sessional Information Digest** is in some ways a cumulation of material from the **Weekly Information Bulletin**, it is recommended that users retain their **Bulletin** files, as full bibliographical details are not given here, in order to save space. In this respect the **Digest** forms an index and companion to the **Bulletin**, as well as providing information unavailable elsewhere.

I am grateful to Barbara Donohoe for typesetting this **Digest**, and to the Journal Office for providing certain unpublished data for Section A. I must also express my thanks to Pam Bozdan who compiled much of the material for this edition of the **Digest**, as she had for all editions of the **Digest** since No 2. Pam pioneered the publication in 1983-84 and I took over at a late stage in the production of this edition.

PARLIAMENTARY QUESTIONS

Statistics of Parliamentary Questions are available in two forms. The figures for each, which for various reasons (mainly owing to methods of counting and recording) are not exactly comparable, are as follows:

Questions appearing on the Order Paper calculated by the Journal Office

Put down for priority Written Answer	16,903
Put down for non-priority Written Answer	15,940

STANDING ORDER NO 20

Standing Order No 20 allows Members to suggest that a specific and important matter should have urgent consideration and that an emergency debate be held upon it. It is for the Speaker to decide whether the matter is sufficiently specific, important and urgent to warrant giving it precedence, and among other things to have regard to the probability of the matter being brought before the House by other means; the Chair in general gives leave very seldom. During the 1990-91 Session, there were 13 unsuccessful applications, and none successful.

DIVISIONS

The total number of divisions during the Session was 233.

EARLY DAY MOTIONS

The total number of early day motions tabled during the session was 1,293. Factsheet No 30 on early day motions is available from the Public Information Office.
